MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE CAMBRIDGE HOSPITAL SCHOOL OF NURSING

AND

THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience from the Cambridge Hospital School of Nursing, six students on December 2, 1946; and six students each eight weeks thereafter, for a period of eight weeks experience in medical nursing. It is understood that the students will report at 4 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover an eight weeks period, and is to include

- (a) 4 weeks clinical experience with female medical patients
- 4 weeks clinical experience with male medical patients and

- (b) ward instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There are to be no vacations in the eight weeks affiliation. All time lost is to be made up at the Massachusetts General Hospital School of Nursing.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing

Hours of Practice

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly, with 1 full day off.

Dismissal

After due conference, the directors of the Cambridge Hospital School of Nursing will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing, for ill health, poor nursing or misconduct.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE CAMBRIDGE HOSPITAL SCHOOL OF NURSING
AND
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience from the Cambridge Hospital School of Nursing, fifty students on December 2, 1946, and six students each eight weeks thereafter, for a period of eight weeks experience in medical nursing. It is understood that the students will report at 4 o'clock on the day preceding the date set for the beginning of the affiliation.

The course of instruction is to cover an eight weeks period, and is to include (a) 4 weeks clinical experience with female medical patients and 4 weeks clinical experience with male medical patients and

(b) ward instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There are to be no vacations in the eight weeks affiliation. All time lost is to be made up at the Massachusetts General Hospital School of Nursing.

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, discolored fingernails and teeth, nasal obstructions, faulty vision. Students are to be examined against smallpox, typhoid fever, and diphtheria, and against scarlet fever. It is possible to transfer them thence. - Students will not be expected to use the sick allowance that for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with their care in the student infirmary or on the ward. Extra charges for special treatment and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. However, for the home school will be consulted before these additional charges are incurred.

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing.

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly, with 1 full day off.

After due conference, the directors of the Cambridge Hospital School of Nursing will withdraw from this school any students as recommended by the Director of the Massachusetts General Hospital School of Nursing, for ill health, poor nursing or misconduct.

- breakage At the end of each affiliating period the bill for students' breakage will be sent to the Cambridge Hospital School of Nursing which will be responsible for the payment.
- Key Deposit A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.
- Textbooks Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.
- Applications Two weeks before entrance of each group the Cambridge Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.
- Records Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the Cambridge Hospital School of Nursing a record of the student's clinical experience, and a statement of her achievement in the practice of medical nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months' notice, discontinue the affiliation, but students already in residence will complete the required practice before leaving.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE LAWRENCE MEMORIAL HOSPITAL SCHOOL OF NURSING AND
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING.

DEC 10 1947

The Massachusetts General Hospital School of Nursing is to receive students for ward experience and instruction in nursing from the Lawrence Memorial Hospital School of Nursing on June 10, 1946, and each four months thereafter for a course of instruction in medical and surgical nursing. It is understood that students will report at 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover a 4 months' period and is to include (a) clinical experience in medical nursing, 3 months
surgical nursing, 1 month
night duty as a part of either the medical or
surgical nursing assignment not to exceed 2 weeks.
(b) Class instruction in medical, urological, and eye,
ear, nose and throat nursing, as given to the
Massachusetts General Hospital students.

There are to be no vacations in the 4 months' affiliation. Students will be allowed 7 days' absence for illness or sick leave provided the required number of days are spent on each service and provided the student has the required number of classes in each course. Any time lost over 7 days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than personal illness the directors of the School of Nursing at the Lawrence Memorial Hospital and the Massachusetts General Hospital will decide in which school it is to be made up, and when the student may return to secure the necessary classes and practice.

Maintenance Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School
Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$5 - \$10.00 for repeating the course. Students who fail to pass a final examination will be required to pay \$2.00 for the privilege of a second examination.

Hours of
Practice

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly with one day off, classes above 2 per week are taken in the student's own time, but no student is to have less than 2 hours off duty free from classes daily.

Dismissal

After due conference, the Directors of the Lawrence Memorial Hospital School of Nursing will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Breakage

At the end of each affiliating period the bill for students' breakage will be sent to the Lawrence Memorial Hospital School of Nursing which will be responsible for the payment.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

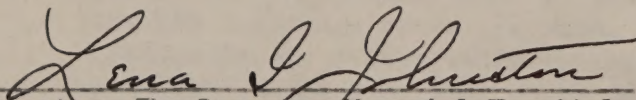

Applications

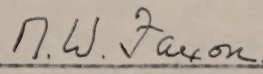

Two weeks before entrance of each group the Lawrence Memorial Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

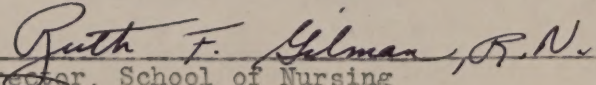

Records

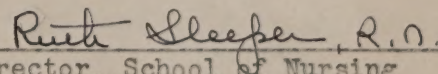

Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the Lawrence Memorial Hospital School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of medical and surgical nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months's notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ELIZABETH'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from St. Elizabeth's Hospital, students on December 29, 1947, and students each three months thereafter for approximately two years' of instruction in integrated pediatric nursing. It is understood that students will report by 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 3 calendar months, and is to include, (a) clinical experience in pediatric nursing, 3 months; night duty as a part of this assignment not to exceed 2 weeks; Formula Room experience, 29 hours. (b) class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There will be no vacations in the 3 months affiliation. Students will be allowed 7 days absence for illness or sick leave provided the required number of days are spent on each unit of the service, and provided the student has the required number of classes in the course. Any time lost over 7 days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness the Directors of the St. Elizabeth's Hospital and the Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ELIZABETH'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for
and experience and instruction in hospital nursing from
St. Elizabeth's Hospital, students on December 22, 1924, and
students each three months thereafter for approximately two years,
of instruction in hospital nursing. It is understood
that students will report to this school on the day preceding the
date set for the beginning of the affiliation.

The course of instruction is to cover 3 calendar months, and is to
include, (a) clinical experience in hospital nursing, 15 months;
classroom work in the hospital, 15 months;
(b) class instruction in the hospital, 15 months;
experience shall be given to the students in the hospital
given to the Massachusetts General Hospital students.

There will be no vacations in the 3 months affiliation. Students
will be allowed 7 days absence for illness or other leave, provided
the required number of days are made up on each day of the absence,
and provided the student has no religious observance of absence in the
course. Any time lost over 7 days is to be made up at the
Massachusetts General Hospital School of Nursing. When this is
lost for personal reasons other than illness the Director of the
St. Elizabeth's Hospital and the Massachusetts General Hospital
School of Nursing will decide in which school the time is to be
made up and when the student may return to either the necessary
classes and practice.

Complete maintenance including board, room, and laundry will be
furnished by the Massachusetts General Hospital.

Known mental defects in need of correction should be corrected
before the affiliation begins, for example, physical defects such
as, teeth, nasal obstructions, faulty vision, etc., should be so
corrected as to enable the student to receive the best instruction
possible. Against scarlet fever it is possible to receive the best
instruction. Students will not be expected to use the sick room during the
course of physical defects present at the time of admission.

In case of minor illnesses or illness contracted in line of duty at
the Massachusetts General Hospital (where instruction has been
followed) the student will be provided with their care in the
hospital. In case of a serious illness or injury or on the whole, the
student's care and maintenance will be given in the hospital. The
treatment and examination and nursing care shall be given entirely
provided on the ward will be referred to the home school or to the
student herself. The case of special hospitalization for any reason
illness shall be decided on each individual case. However,
possible the home school will be consulted before these decisions
charges are incurred.

School
Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$5 - \$10.00 for repeating the course. Students who fail to pass an examination will be required to pay \$2.00 for the privilege of a second examination.

Hours of
Practice

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly with one day off, classes above two hours are taken in the student's own time, but no student is to have less than 2 hours off duty free from classes daily.

Dismissal

After due conference, the Directors of St. Elizabeth's Hospital will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Breakage

At the end of each affiliating period the bill for students' breakage will be sent to the St. Elizabeth's Hospital which will be responsible for the payment.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

Applications

Two weeks before entrance of each group the St. Elizabeth's Hospital is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records

Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the St. Elizabeth's Hospital a record of the clinical experience and classwork and a statement of the student's achievement in the practice of pediatric nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who will be given a course will be required to pay \$25.00 for the privilege of a student examination.

Hours of Instruction

The student hours of each student shall be the same as for the Massachusetts General Hospital students, 48 hours weekly with one day off, unless above the hours are shown in the student's own class, and no student is to have less than 2 hours off each week of classes.

Admission

After the conference, the Director of St. Elizabeth's Hospital will withdraw from this school any student as recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor writing, or attendance.

Examination

At the end of each affiliation period the bill for student's progress will be sent to the St. Elizabeth's Hospital which will be responsible for the payment.

Fee Payment

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be returned to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks are from school, after consultation with the Massachusetts General Hospital School of Nursing may be necessary.

Attendance

Two weeks before entrance of each group to St. Elizabeth's Hospital is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records

Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the St. Elizabeth's Hospital a record of the clinical experience and classroom and statement of the student's achievement in the practice of pediatric nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Should notice be given three months notice, dissolving the affiliation, but students already in residence will complete the three classes and practice before leaving.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ANNE'S HOSPITAL SCHOOL OF NURSING AND
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from St. Anne's Hospital School of Nursing, students on June 28, 1948 and students each three months thereafter for a course of instruction in integrated pediatric nursing. It is understood that students will report by 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 3 calendar months, and is to include (a) clinical experience in pediatric nursing, 3 months; night duty as a part of this assignment not to exceed 2 weeks; Formula Room experience, 28 hours. (b) class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There are to be no vacations in the 3 months affiliation. Students will be allowed 7 days absence for illness or sick leave provided the required number of days are spent on each unit of the service and provided the student has the required number of classes in the course. Any time lost over 7 days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than personal illness the Directors of the Schools of Nursing at St. Anne's Hospital and the Massachusetts General Hospital will decide in which School the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

In case of illness not treated by the Massachusetts General Hospital the home school is to be consulted immediately, before any steps are taken or any plan is made for the student.

School Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$5 - \$10 for repeating the course. Students who fail to pass an examination will be required to pay \$2 for the privilege of a second examination.

Hours of Practice

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly with one day off, classes above two hours are taken in the student's own time, but no student is to have less than 2 hours off duty free from classes daily.

Dismissal

After due conference, the Directors of St. Anne's Hospital School of Nursing will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Breakage

At the end of each affiliating period the bill for students' breakage will be sent to St. Anne's Hospital School of Nursing which will be responsible for payment.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

Applications

Two weeks before entrance of each group the St. Anne's Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records

Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the St. Anne's Hospital School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of medical and surgical nursing.

Termination of Agreement

It is understood that this agreement will be given a trial period of one year, at the end of which both schools will consent to a continuation of the agreement, or three months notice may be given by either school to discontinue the affiliation. The students already in residence will be given the opportunity to complete the required classes and practice before leaving.

With due notice and upon mutual consent of the two schools the foregoing agreement may be changed at any time after the trial period. Either school may upon three months notice discontinue the affiliation, but students already in residence will complete the required classes and practice.

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

Applications

Two weeks before entrance of each group the St. Anne's Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records

Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the St. Anne's Hospital School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of medical and surgical nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months' notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE LAWRENCE MEMORIAL HOSPITAL SCHOOL OF NURSING AND
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive students for ward experience and instruction in nursing from the Lawrence Memorial Hospital School of Nursing on November 2, 1948, and every eight weeks thereafter for ward practice and ward instruction in orthopedic nursing. It is understood that students will report at 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The experience is to cover an eight weeks period, and is to include
(a) clinical experience in orthopedic nursing, 8 weeks
(b) ward teaching in orthopedic nursing as offered for the Massachusetts General Hospital students.

There are to be no vacations in the eight weeks affiliation. All time lost is to be made up at the Massachusetts General Hospital School of Nursing.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School
Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing.

Hours of
Practice

The student hours of ward practice shall be the same as for Massachusetts General Hospital students, without class, 48 hours weekly with one full day off.

Dismissal

After due conference, the Directors of the Lawrence Memorial Hospital School of Nursing will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing, for ill health, poor scholarship, poor nursing, or misconduct.

Breakage At the end of each affiliating period the bill for students' breakage will be sent to the Lawrence Memorial Hospital School of Nursing which will be responsible for the payment.

Key Deposit A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

Applications Two weeks before entrance of each group the Lawrence Memorial Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the Lawrence Memorial Hospital School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of ~~medical and surgical~~ nursing.
C.R.H. Ped.

Breaking Agreement With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months's notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

Director, School of Nursing
Massachusetts General Hospital

On the whole, I think the students from the New Hampshire
State Hospital have done a good deal of work this year in the
two previous years, and I am sure that it has been necessary for us
to come to this decision. However, you will find that we have not
affiliated with us before, and therefore we do feel that we must ask you to
make your arrangement with us first. It is possible that we may
have to ask some of the other schools to do the same. At the time
the affiliation was made we had no way of forecasting the situation
and so we are realizing that this would be a
very serious matter. We are sure that you will find it possible to
make this arrangement with us.

September 12, 1949

Miss Dorothy M. Breene
Director, School of Nursing
New Hampshire State Hospital
Concord, New Hampshire

Dear Miss Breene:

Last week the faculty spent its meeting largely in con-
sidering the problem of our student programs in relation to the
available clinical experience now open for the use of the School
here at the Hospital.

I am awfully sorry to tell you that it was necessary
for us to vote to decrease our affiliating students because we
have now two floors closed in the Baker Memorial, the semi-private
division, and two floors closed in the General Hospital due to a
decrease in the number of patients. This means that there is not
enough experience for the students, as our own School has now resumed
its prewar size. I realize that this will be a difficult situation
for you to face, and so I am writing as soon as possible after the
faculty meeting so that you may have as much time as possible to
secure your new affiliation.

If you do not find it possible to secure a pediatric
affiliation we could consider your students for pediatrics only,
with the same arrangement that we have with other schools, that is, the
school sending their group of students to us each three months period
during the year.

I am quite sure that you will find that you can also continue
your Boston Lying-in affiliation directly, having your own contract
with them rather than through us. It is the medical and surgical
experience which is the problem.

Complete maintenance including board, room, and laundry will be
furnished by the Massachusetts General Hospital.

Known remedial defects in need of correction should be corrected before
the affiliation begins, for example, diseased tonsils and teeth,
nasal obstructions, faulty vision. Students are to be immunized
against small pox, typhoid fever, and diphtheria, and against scarlet
fever if it is possible to render them immune. Students will not
be expected to use the sick allowance time for correction of physical
defects present at the time of entrance.

On the whole, I think the students from the New Hampshire State Hospital have done a better piece of work this year than in the two previous years, and I am sorry that it has been necessary for us to come to this decision. However, you were the most recent general affiliation, and therefore we do feel that we must ask you to terminate your arrangement with us first. It is possible that we may have to ask some of the other schools to do the same. At the time the affiliation was made we had no way of foreseeing the particular situation, and no way of realizing that the time would come so soon when beds would be empty.

We shall be glad to do anything we can to help your school find its medical and surgical experience, if you will let us know how we can help.

Sincerely yours,

Ruth Sleeper, R.N.
Director of the School of Nursing
and Nursing Service

RS:W

I am awfully sorry to tell you that it was necessary for us to vote to decrease our affiliating students because we have now two floors closed in the Baker Memorial, the semi-private division and the floor closed at the General Hospital. I realize that this will be a difficult situation for you to face, and so I am writing as soon as possible after the meeting so that you may have as much time as possible to make your decision. I am quite sure that you will find that you can also continue your Boston lying-in affiliation directly, having your own contract with them rather than through us. It is the medical and surgical experience which is the problem.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE NEW HAMPSHIRE STATE HOSPITAL SCHOOL OF NURSING AND
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in nursing, from the New Hampshire State Hospital School of Nursing, eight students on January 20, 1947, and six or more students each year thereafter for a course of instruction in medical, surgical, operating room, and pediatric nursing. This will also include obstetrics to be given at the Boston Lying-In Hospital. It is understood that students will report at 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover a period of one year and is to include

ward practice	medical nursing	30 days
	surgical nursing	90 days
	pediatrics and	
	infant feeding (84)	
	formula room	7) 91 days
	obstetrics	91 days
	operating room	42 days
	(25 major scrubs)	
	vacation	21 days

night duty in periods of 2 weeks as a part of the assignment in surgical, pediatric and/or obstetrical nursing, not to exceed a total of 8 weeks.

class instruction

Medicine and medical nursing	83 hours
Dermatology	11 "
Surgery and surgical nursing	40 "
Gynecology	15 "
Urology	10 "
Orthopedic nursing	15 "
Neurology	10 "
Operating room nursing	10 "
Pediatrics and Pediatric Nursing	35 "
Obstetrics and Obstetrical Nursing	60 "

The class instruction given shall be the same as that given to the Massachusetts General Hospital students in the 3 year program.

There is to be one vacation of 3 weeks during the affiliation.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against small pox, typhoid fever, and diphtheria, and against scarlet fever if it is possible to render them immune. Students will not be expected to use the sick allowance time for correction of physical defects present at the time of entrance.

Hospital (cont.)
In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charges for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student himself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School Examinations
During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$5.00 - \$10.00 for repeating the course. Students who fail to pass a final examination will be required to pay \$2.00 for the privilege of a second examination.

Hours of Practice
The student hours of ward practice shall be the same as for Massachusetts General Hospital students, 48 hours weekly with one day off, classes above 2 sets are taken in the student's own time, but no student is to have less than 2 hours off duty from classes daily.

Dismissal
After due conference, the directors of the New Hampshire State Hospital School of Nursing will withdraw from this school any student so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Prerequisites
At the end of each affiliation period the bill for students' practice will be sent to the New Hampshire State Hospital School of Nursing which will be responsible for the payment.

New Deposit
A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks
Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing may deem necessary.

Applications
Two weeks before entrance to each group the New Hampshire State Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided a statement of each student's previous education, nursing school, and health record.

Records
Within a month after the end of each period of affiliation the Massachusetts General Hospital School of Nursing will send to the New Hampshire State Hospital School of Nursing a record of the clinical experience and classwork, and a statement of the student's achievement in the practice of medical and surgical nursing.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ELIZABETH'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

-3-

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months' notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving. It is understood that students will report to their school on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover three calendar months, and is to include:

1. Clinical experience in pediatric nursing, three months; night duty as a part of this experience not to exceed two

Chas. Hall Dooley, Jr., M.D.
Director, The New Hampshire State
Hospital

A. W. Tuxson
Director, The Massachusetts General
Hospital

There will be no vacations in the three month affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days are made up each side of the service, and provided the student has the required number of classes in the course. Any time lost over seven days is made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of St. Elizabeth's Hospital and the Massachusetts General Hospital School of Nursing decide.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ELIZABETH'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

JAN - 5 1950

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from St. Elizabeth's Hospital, students on March 27, 1950, and students each three months thereafter for instruction in integrated pediatric nursing. It is understood that students will report by 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover three calendar months, and is to include:

- A. clinical experience in pediatric nursing, three months; night duty as a part of this assignment not to exceed two weeks; Formula Room experience, 28 hours.
- B. Class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There will be no vacations in the three months affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days are spent on each unit of the service, and provided the student has the required number of classes in the course. Any time lost over seven days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of St. Elizabeth's Hospital and the Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, and against scarlet fever, if it is possible to render them immune. Students will not be allowed to use the sick allowance time for correction of physical defects present at the time of entrance.

Whenever possible the home school will be consulted before these additional charges are incurred.

MEMORANDUM OF AGREEMENT FOR THE
ST. JOHN'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive
fourteen students and instruction in nursing practice from
St. John's Hospital, established on June 30, 1904, and
and March 10, 1905, for instruction in nursing practice.
It is understood that students will report for duty on the day
preceding the date set for the beginning of the instruction.

The course of instruction is to cover 15 weeks and is to include:

1. Clinical experience in subjects nursing, 15 weeks;
night duty as a part of this experience not to exceed
two weeks; foreign home experience, 15 weeks.
2. General instruction in subjects nursing, 15 weeks;
experience shall be the same as that set up for the
given in the Massachusetts General Hospital.

There will be no restriction as to the number of students
will be allowed to attend the course for fifteen or more years
the required number of years and upon the whole of the course
and provided the student has the proper number of classes in the
course. The student must have been in the school of the
Massachusetts General Hospital School of Nursing for at least
for personal reasons other than illness. The Director of the
Hospital and the Massachusetts General Hospital School of Nursing will
decide in what subject the time is to be set up for the student
and to receive the necessary license and certificate.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ANNE'S HOSPITAL SCHOOL OF NURSING
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

SEP 14 1953

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from St. Anne's Hospital School of nursing, students on June 29, September 28, December 28, 1953, and March 29, 1954, for instruction in integrated pediatric nursing. It is understood that students will report by 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 13 weeks and is to include:

- A. Clinical experience in pediatric nursing, 13 weeks; night duty as a part of this assignment not to exceed two weeks; Formula Room experience, 16 hours.
- B. Class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There will be no vacations in the three months affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days are spent on each unit of the service, and provided the student has the required number of classes in the course. Any time lost over seven days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of St. Anne's Hospital and Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Every student is to have a physical examination including a chest x-ray not more than one month before beginning the affiliation. Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, if it is possible to render them immune. Students will not be permitted to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contacted in line of duty at The Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charge for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$10.00 - \$20.00 for repeating the course. Students who fail to pass an examination will be required to pay \$3.50 for the privilege of a second examination.

Hours of Practice

The students' hours of practice shall be 44 hours including classes except for night duty which shall average 40 hours.

Dismissal

After due conference, the Directors of St. Anne's Hospital School of Nursing will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing, may deem necessary.

Tests

The National League for Nursing Achievement Test in Pediatrics will be administered to the affiliating students prior to their return to their Home School. The Home School will assume the cost of administering the tests.

Applications

Two weeks before entrance of each group the St. Anne's Hospital School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided, a statement of each student's previous education, nursing school, health record, and remarks which might be helpful in understanding and guiding the student in her adjustment.

Records

Within six weeks after the end of each period of affiliation, the Massachusetts General Hospital School of Nursing will send to the St. Anne's Hospital School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of pediatric nursing.

Termination

With due notice and upon mutual consent of the two schools, the forgoing agreement may be changed at any time. Either school may, upon three months notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

Massachusetts General Hospital
Boston, Massachusetts

JUL 23 1954

Dear Miss Sleeper:

The Faculty and the School Committee have decided and that, in spite of the excellent education received at your Hospital, and of the good relationship between your school and ours, to discontinue our affiliation in Pediatrics with the Massachusetts General.

As you may probably know, we have an affiliation with the Taunton State Hospital and one with the Charles V. Chapin Hospital. Your new affiliation dates make it almost impossible to live up to our contracts with you and with the other schools receiving our students, and, at the same time, to plan a satisfactory curriculum here, at the home school.

If it is agreeable with you, we shall send you all our second year students. This means: eight, as planned, in the group beginning September 7 and four with the group beginning November 30.

I want to thank you again for all what you have done in the past for our students, for your cooperation and I am,

Sincerely yours,

Sister Madeleine Clémence

MEMORANDUM OF AGREEMENT FOR THE AFFILIATION
OF THE BISHOP, 3RD MEMORIAL SCHOOL OF NURSING
OF THE PITTSFIELD GENERAL HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from the Henry W. Bishop, 3rd Memorial School of Nursing, students on:

January 14, 1957 July 1, 1957 August 6, 1954
April 8, 1957 September 21, 1957
December 16, 1957 -

Sister Madeleine Olemence
Director of Nurses
St. Anne's Hospital
795 Middle St.
Fall River, Mass.

The course of instruction is to cover 12 weeks and is to include:

Dear Sister:

Medical experience in pediatric nursing, 12 weeks;
Thank you for your letter giving us such ample notice that you had decided to discontinue your affiliation here. Actually, I believe it would have been wise to discontinue with us, even though the dates had not changed. We had planned in the fall to have an appointment with you to talk over some of your students' difficulties. We have been concerned over their standing on the examinations, both here and on the League Examinations, and have wondered if perhaps we were not giving them the help they needed here with their adjustment. We shall try, however, to do the best we can with the last two groups; expecting 8 on September 7, and 4 on November 30.

I do hope you are going to find an affiliation which your students will enjoy, and which you feel will be most helpful. We have enjoyed our relationships with you very much.

The Massachusetts General Hospital School of Nursing will decide in which school the time is to be spent, when the student may return to secure the necessary classes and practice.

Sincerely yours,

Complete maintenance including board, room, and uniform laundry will be furnished by the Massachusetts General Hospital.

Ruth Sleeper, R.N.
Director of the School of Nursing
and Nursing Service

RS:BF Every student is to have a physical examination including a chest x-ray not more than one month before beginning the affiliation. MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE HENRY W. BISHOP, 3RD MEMORIAL SCHOOL OF NURSING
OF THE PITTSFIELD GENERAL HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from the Henry W. Bishop, 3rd Memorial School of Nursing, students on:

January 14, 1957 July 1, 1957
April 8, 1957 September 23, 1957
December 16, 1957 - *no one coming*

for instruction in integrated pediatric nursing. It is understood that students will report by 4:00 p.m. on the day preceeding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 12 weeks and is to include:

- A. Clinical experience in pediatric nursing, 12 weeks; night duty as a part of this assignment not to exceed two weeks; Formula Room experience, 16 hours.
- B. Class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There will be no vacation in the three months affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days are spent on each unit of service, and provided the student has the required number of classes in the course. Any time lost over seven days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of the Henry W. Bishop, 3rd Memorial School of Nursing and the Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and uniform laundry will be furnished by the Massachusetts General Hospital.

Health

Every student is to have a physical examination including a chest x-ray not more than one month before beginning the affiliation. Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, if it is possible to render them immune. Students will not be permitted to use sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care on the ward. Extra charge for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the

home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$10.00 - \$20.00 for repeating the course. Students who fail to pass an examination will be required to pay \$3.50 for the privilege of a second examination.

Hours of Practice

The students' hours of practice shall be 44 hours including classes except for night duty which shall average 40 hours.

Dismissal

After due conference, the Director of the Henry W. Bishop, 3rd Memorial School of Nursing will withdraw from this school any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing, may deem necessary.

Tests

The National League for Nursing Achievement Tests in Pediatrics will be administered to the affiliating students prior to their return to their Home School. The Home School will assume the cost of administering the tests.

Applications

Two weeks before entrance of each group the Henry W. Bishop, 3rd Memorial School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided, a statement of each student's previous education, nursing school, health record, and remarks which might be helpful in understanding and guiding the student in her adjustment.

Records

Within six weeks after the end of each period of affiliation, the Massachusetts General Hospital School of Nursing will send to the Henry W. Bishop, 3rd Memorial School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of pediatric nursing.

home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$10.00 - \$20.00 for repeating the course. Students who fail to pass an examination will be required to pay \$5.00 for the privilege of a second examination.

The students' hours of practice shall be as hours including classes except for night duty which shall average 40 hours.

After due conference, the Director of the Henry W. Bishop, 3rd Memorial School of Nursing will withdraw from this school any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor school standing, poor nursing, or misconduct.

A \$5 dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be returned to the student upon return of the keys.

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing, may deem necessary.

The National League for Nursing Advancement Tests in Pediatrics will be administered to the affiliating students prior to their return to their home school. The home school will assume the cost of administering the tests.

Two weeks before entrance of each group the Henry W. Bishop, 3rd Memorial School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided, a statement of each student's previous education, nursing school, health record, and remarks which shall be helpful in understanding and advising the student in her adjustment.

Within six weeks after the end of each period of affiliation, the Massachusetts General Hospital School of Nursing will send to the Henry W. Bishop, 3rd Memorial School of Nursing a record of the clinical experience and classroom and a statement of the student's achievement in the practice of pediatric nursing.

Termination

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

NOV 26 1958

Dear Miss Sleeper:

At our pediatrics affiliation conference last spring the possibility of the Henry W. Bishop 3rd Memorial School of Nursing terminating its pediatrics affiliation with Massachusetts General, if possible before March 1959, was discussed. We have carefully reviewed the possibility of our changing our curriculum to include Growth and Development early in the program to coincide with plans being made for the Massachusetts General Hospital students. Certain factors prevent such a change this year. However, I am sure you will be glad to know that we have made arrangements for our students to receive their pediatrics, at least for a year, through the resources of the Boston Floating Hospital. An unexpected opening developed in its program when one of the affiliating schools was recently granted permission to set up pediatrics in its own school. Thus, the group of students now with you will close out our present affiliation.

Needless to say, this is done with a deep sense of regret in that I am sure all of our students who have had the opportunity of serving in your pediatrics unit for three months have undoubtedly gained more than they have given by way of service.

Please accept my sincere appreciation for all that you and the members of your staff have done to aid in the professional and personal development of the students of the Henry W. Bishop 3rd Memorial School of Nursing.

Sincerely,

Marguerite Hastings

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
ST. ELIZABETH'S HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

JUN 6 1952

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from St. Elizabeth's Hospital, 7 students on June 30, September 29, December 29, 1952, and March 30, 1953, for instruction in integrated pediatric nursing. It is understood that students will report by 3:45 o'clock on the day preceding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 13 weeks and is to include:

- A. Clinical experience in pediatric nursing, 13 weeks.
night duty as a part of this assignment not to exceed two weeks; Formula Room experience, 16 hours.
- B. Class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital Students.

There will be no vacations in the three months affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days are spent on each unit of the service, and provided the student has the required number of classes in the course. Any time lost over seven days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of St. Elizabeth's Hospital and Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and laundry will be furnished by the Massachusetts General Hospital.

Health

Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, if it is possible to render them immune. Students will not be permitted to use the sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at The Massachusetts General Hospital (where instructions have been followed) the student will be provided with floor care in the student infirmary or on the ward. Extra charge for special treatments and examinations and nursing care above that ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School
Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$10.00 - \$20.00 for repeating the course. Students who fail to pass an examination will be required to pay \$3.50 for the privilege of a second examination.

Hours of
Practice

The students' hours of practice shall be 44 hours including classes except for night duty which shall average 48 hours.

Dismissal

After due conference, the Directors of St. Elizabeth's Hospital will withdraw from this School any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing, may deem necessary.

Applications

Two weeks before entrance of each group the St. Elizabeth's Hospital is to send to the Massachusetts General Hospital School of Nursing on the form provided, a statement of each student's previous education, nursing school, health record and remarks which might be helpful in understanding and guiding the student in her adjustment.

Records

Within six weeks after the end of each period of affiliation, the Massachusetts General Hospital School of Nursing will send to the St. Elizabeth's Hospital a record of the clinical experience and classwork and a statement of the student's achievement in the practice of pediatric nursing.

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either School may, upon three months notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE HENRY W. BISHOP, 3RD MEMORIAL SCHOOL OF NURSING
OF THE PITTSFIELD GENERAL HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

E. Hicks

EX

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from the Henry W. Bishop, 3rd Memorial School of Nursing, students on:

March 11, 1958

June 3, 1958

September 3, 1958

December 1, 1958

for instruction in integrated pediatric nursing. It is understood that students will report by 4:00 p.m. on the day preceeding the affiliation.

Miss Marguerite Hastings, R.N.

Director, School of Nursing

and Nursing Service

Pittsfield General Hospital

Pittsfield, Mass.

A. Clinical experience in pediatric nursing, 12 weeks
Dear Miss Hastings: night duty as a part of this assignment not to exceed two weeks.

Thank you for your generous letter of November 25. We, too, are sorry to lose your students. They have been good citizens. They have come to us with a good background and we have felt secure in your support for whatever we did here.

I do hope that they will enjoy the Floating. Somehow it seems as if they could not resist it. We always feel a little pang at losing a group of students and this is especially true with your group. I do think you should be congratulated on the effort you are making to improve your school, and to send into nursing not only a well prepared group of students but students with high ideals and good attitudes toward their future professional needs. I hope you will express this appreciation to all the members of the staff who have helped to prepare the Henry W. Bishop group for its affiliation. Perhaps some time we can do something again to be of assistance to you. student may return to secure the necessary classes and practice.

Sincerely yours, and uniform laundry will be furnished by the Massachusetts General Hospital.

One month prior to the affiliation every student is to have a physical examination including a report. Known remedial defects in need of correction before the affiliation begins, for example, ears, nose and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, if it is possible to render them immune. Students will not be permitted to use sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed), the student will be provided with floor care on the ward. Extra charge for special treatments and examinations and nursing care above that

MEMORANDUM OF AGREEMENT FOR AFFILIATION BETWEEN
THE HENRY W. BISHOP, 3RD MEMORAIL SCHOOL OF NURSING
OF THE PITTSFIELD GENERAL HOSPITAL
AND THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING

APR - 8 1958

The Massachusetts General Hospital School of Nursing is to receive, for ward experience and instruction in pediatric nursing from the Henry W. Bishop, 3rd Memorial School of Nursing, students on:

March 11, 1958

June 3, 1958

September 3, 1958

for instruction in integrated pediatric nursing. It is understood that students will report by 4:00 p.m. on the day preceeding the date set for the beginning of the affiliation.

Program

The course of instruction is to cover 12 weeks in the March 1958 affiliation and 13 weeks thereafter and is to include:

- A. Clinical experience in pediatric nursing, 12 weeks or 13 weeks; night duty as a part of this assignment not to exceed two weeks.
- B. Class instruction corresponding to the clinical experience shall be the same as that set up for and given to the Massachusetts General Hospital students.

There will be no vacation in the three months affiliation. Students will be allowed seven days absence for illness or sick leave provided the required number of days spent on each unit of service, and provided the student has the required number of classes in the course. Any time lost over seven days is to be made up at the Massachusetts General Hospital School of Nursing. When time is lost for personal reasons other than illness, the Directors of the Henry W. Bishop, 3rd Memorial School of Nursing and the Massachusetts General Hospital School of Nursing will decide in which school the time is to be made up and when the student may return to secure the necessary classes and practice.

Maintenance

Complete maintenance including board, room, and uniform laundry will be furnished by the Massachusetts General Hospital.

Health

One month prior to the affiliation every student is to have a physical examination including a report of the most recent chest x-ray. Known remedial defects in need of correction should be corrected before the affiliation begins, for example, diseased tonsils and teeth, nasal obstructions, faulty vision. Students are to be immunized against smallpox, typhoid fever, and diphtheria, if it is possible to render them immune. Students will not be permitted to use sick allowance time for correction of physical defects present at the time of entrance.

In case of minor illnesses or illness contracted in line of duty at the Massachusetts General Hospital (where instructions have been followed), the student will be provided with floor care on the ward. Extra charge for special treatments and examinations and nursing care above that

THE BOARD OF DIRECTORS OF THE UNIVERSITY OF CALIFORNIA
ON THE PROPOSITION OF THE FACULTY OF THE UNIVERSITY OF CALIFORNIA
AND THE PRESIDENT OF THE UNIVERSITY OF CALIFORNIA
TO GRANT A DEGREE OF DOCTOR OF PHILOSOPHY TO
THE HONORABLE JAMES EARL RAY
AND TO GRANT A DEGREE OF DOCTOR OF PHILOSOPHY TO
THE HONORABLE JAMES EARL RAY
AND TO GRANT A DEGREE OF DOCTOR OF PHILOSOPHY TO
THE HONORABLE JAMES EARL RAY

January 11, 1968

ordinarily provided on the ward will be charged to the home school or to the student herself. The cost of special hospitalization for contagious diseases shall be decided as each individual case occurs. Whenever possible the home school will be consulted before these additional charges are incurred.

School Regulations

During the affiliation students shall be subject to the rules and regulations of the Massachusetts General Hospital School of Nursing. Students who fail to pass a course will be required to pay a fee of \$10.00 - \$20.00 for repeating the course. Students who fail to pass an examination will be required to pay \$3.50 for the privilege of a second examination.

Hours of Practice

The students' weekly schedule will average 32 hours of practice and 8 hours of class, except for night duty which shall average 44 hours of class and practice.

Dismissal

After due conference, the Director of the Henry W. Bishop, 3rd Memorial School of Nursing will withdraw from this school any students so recommended by the Director of the Massachusetts General Hospital School of Nursing for ill health, poor scholarship, poor nursing, or misconduct.

Key Deposit

A one dollar deposit for keys shall be paid by each student upon entrance to the affiliation and shall be refunded to the student upon return of the keys.

Textbooks

Students are to bring whatever textbooks the home school, after consultation with the Massachusetts General Hospital School of Nursing, may deem necessary.

Tests

The National League for Nursing Achievement Tests in pediatrics will be administered to the affiliating students prior to their return to their Home School. The Home School will assume the cost of administering the tests.

Applications

Two weeks before entrance of each group the Henry W. Bishop, 3rd Memorial School of Nursing is to send to the Massachusetts General Hospital School of Nursing on the form provided, a statement of each student's previous education, nursing school, health record, and remarks which might be helpful in understanding and guiding the student in her adjustment.

Records

Within six weeks after the end of each period of affiliation, the Massachusetts General Hospital School of Nursing will send to the Henry W. Bishop, 3rd Memorial School of Nursing a record of the clinical experience and classwork and a statement of the student's achievement in the practice of pediatric nursing.

Termination

With due notice and upon mutual consent of the two schools, the foregoing agreement may be changed at any time. Either school may, upon three months notice, discontinue the affiliation, but students already in residence will complete the required classes and practice before leaving.
